

Maestro Series: Aspiring to be a Darned Good Tax Person

Make waves • Government • Industry • Academia

A rare opportunity not to be missed – hear from Pok Soy Yoong on his personal thoughts and observations on how you can realize your aspirations as a Darned Good Tax Person. In this workshop, Pok will share how he has seen people stop learning from his years in scaling the heights in the tax profession. He will distill gems on breaking your own “growth barriers” and how not to short change your potential.

This is not your regular session on the technical aspects of taxation. It is about achieving breakthroughs in personal mastery, getting it right on fast-track and not losing your mind/body/soul to the rat-race.

The mission of the Tax Academy of Singapore is to raise the professional competency and standards of the tax community and develop Singapore into a tax knowledge hub. A non-profit institution, the Academy is set up by the Inland Revenue Authority of Singapore in collaboration with the international accounting firms – Deloitte & Touche, Ernst & Young, KPMG and PricewaterhouseCoopers, the institute of Certified Public Accountants of Singapore and the Law Society of Singapore.
